
IFS Forestry Group Ltd*

ENVIRONMENTAL POLICY STATEMENT

IFS Forestry Group Ltd is committed to acting in an environmentally responsible manner in all areas of its operations.

We have a responsibility to preserve the environment and minimise or eliminate where possible, any adverse effect that we have on our planet. It is our attitudes and actions that will influence our future environment. To achieve this we will:

- Provide a safe and healthy working environment
- Manage and control the environmental effects of our operations
- Comply with national and local statutory requirements and industry best practice standards
- Raise the environmental awareness of our staff and those who share and impact on our working spaces
- Protect and manage any cultural and historical sites, areas of significant habitat and endangered species that are on land where we work
- Review our environmental policy statement, systems, procedures, objectives and targets in order to continually improve our environmental performance.
- Consult with any significantly affected parties from all our operations.
- As Forest Managers commit to the Forest Stewardship Council (FSC) Principles, Criteria and standards of good forest management for FSC managed estates. These standards include ecological, social and economic parameters.

This policy shall apply to all IFS Forestry Group Ltd employees, including contractors and sub-contractors.

This policy statement has been approved by:

26 October 2018

James Treadwell (CEO)
